# CHANGE YOUR LATITUDE

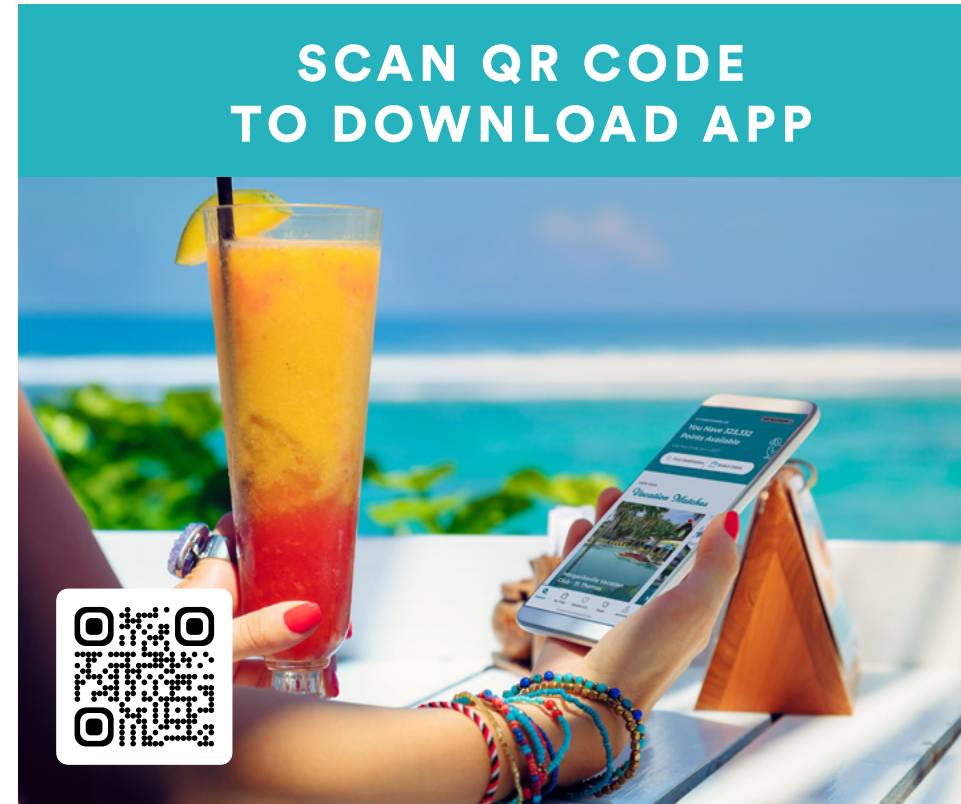

## Step 1: Go for it!

You can also make a reservation in the mobile app, available for download on iOS and Google Play in the app store. Or call 800-251-8736 (press option 1, then option 2) to speak with a Vacation Guide and book the getaway you've been dreaming of.

There's always a 3-night minimum on all reservations.

- You will be required to attend a sales update presentation during your first stay.
- Only a member whose name is on the contract may make a reservation.
- If you're short of points to complete your reservation, you can rent them at a cost of \$12 per 1,000 points.
- You must meet the minimum financial requirement prior to your check-in date.

But by far the most important thing to remember is to book as far in advance as possible so you can be sure of locking in the date and destination you really want.

## Step 2: When can you go?

Some important things to remember when choosing a travel date:

- You can reserve a stay as much as 10 months in advance at Margaritaville Vacation Club resorts, and 8 months in advance at Club Wyndham resorts.
- Review the points chart for each resort so you understand how many points you need to use based on suite size and season.
